Terms and conditions

Our Guarantee and Commitment to you

- We will give you all the information and training you need to complete this course to a safe and very high standard
- We will only use fully qualified PADI professionals chosen for their professionalism and ability to teach scuba
- If weather hampers completion of your course we can re-book you, available space permitting according to our course schedule. We won't leave you hanging

Your Commitment to us

- To avoid classroom hold-ups, all knowledge reviews must be completed before the course start date.
- Your Course fee is non-refundable and valid for the 2010/11 course season ending April 30th 2011. If your physician decides you are not fit to dive we will only refund your Course fee if the PADI materials have not been opened or used. For full refund, leave the materials sealed until you have passed your medical. There is a charge of \$100 for used PADI materials
- Re-booking for any reason will incur a \$100 charge. If you have to re-book, we require a minimum of 1 weeks notice
- In the event of course non-completion on the part of the student, the course cost is non-refundable.
- For your safety, during your training excessive consumption of alcohol and/or drugs is prohibited. You are required to arrive at the required time for the duration of the course
- To avoid costly disappointment, please speak to one of our specialists before buying your equipment
- For your own safety our company policy requires any equipment used during training to be inspected and approved by our Training Manager

I have read the above commitments and agree to these terms and conditions

PADI (Professional Association of Dive Instructors) is the world's largest and most recognised dive training organisation. PADI was introduced to ensure high standards of Recreational Diving are met, equipping you with the skills and knowledge to dive independently with a buddy anywhere in the world.

For divers and instructors this means a high level of quality and safety are guaranteed. It also provides the opportunity to have their qualifications recognised internationally.

For Goat Island Dive this means we follow safety-related guidelines, describing how the typical activities of a service provider should be carried out. These guidelines include high standards for training, equipment hire, and dive trips.

We are a reputable family owned and operated PADI 5 Star Resort. Over the last 10 years we have successfully taught over 1300 people how to dive safely and confidently. Diving is our passion.

We specialise in diver training up to the professional level. Courses include Discover Scuba Dive experiences at the Outer Gulf Islands, Open Water Dive Courses starting each week, Continuing Education Courses at Outer Gulf Islands, Monthly Specialty Courses and lastly, the Divemaster Internship Course. We also provide services such as Cylinder Filling, Snorkel and Dive Hire/Retail and guided beach dives.

Outer Gulf Charters is the dive charter operation of Goat Island Dive. Servicing the local coast from Goat Island to Tawharanui Marine Park and venturing out to the beautiful Islands of the Hauraki Gulf. Offering untouched diving and top side beauty at Great Barrier and Little Barrier Islands, Sail Rock, Hen and Chickens group and the Mokohinau Islands. MV Apollo, our customized 13m dive boat boasts fast travel and all diver amenities, including NZ's first Diver lift!

Our Mission

To consistently deliver superior PADI Scuba Education, exciting Outer Gulf Dive Trips and fantastic memories that last a lifetime!

Advanced Open Water Diver

Peak Performance Buoyancy

Underwater Navigation

Day 1

Deep Dive

Underwater Naturalist

Search and Recovery

Day 2

Qualifies you to dive to deeper depths anywhere in the world!

The PADI Advanced Open Water course is designed with excitement in mind. Whether you are new to diving or have logged 100s of dives this course will refine your skills and build on your knowledge of the underwater world.

Benefits of doing your Advanced Diver Course with Goat Island Dive

- You learn to dive in a world first Marine Reserve, up close and personal with New Zealand's friendliest fish
- Your boat diving is at the Mokohinau Islands, one of the most stunning Outer Gulf Islands. Apollo is a stable 13m dive boat with easy entry and exit points, hot water shower, coffee and tea and toilet
- Our instructor to student ratios maximum of 1:6 ensure you are taught to dive properly and safely
- Choose from our convenient weekend course schedule
- You can do your study online with PADI's E-Learning programs

Course Schedule

The Advanced Diver course is run over a 2 day weekend. Diving the Goat Island Marine Reserve and Mokohinau's.

Our Advanced course is focused around your individual needs as a diver, to improve your skills whatever your level of experience. We work as a team to complete challenging objectives using different underwater scenarios. The dives chosen improve your diving standard.

Day 1 consists of two dives, Peak Performance Buoyancy and Underwater Navigation. PPB refines your buoyancy control and corrects bad underwater breathing habits.

Navigation is consistently a favourite for our students. Step by step we build on your navigation skills to the final practice of navigating a giant underwater square.

Day 2 we venture out to the Mokohinau Islands onboard the dive boat Apollo. We start the day with a deep dive, planning and executing a dive to 30+ metres.

www.goatlanddive.co.nz

Free phone 0800 DIVE NZ (0800 348 369) • fax (0064) 9 4226 926 • email dive@goatlanddive.co.nz
142a Pakiri Rd, Leigh, Auckland, NZ. PO Box 146, Leigh, Auckland, NZ

The next dive is UW Naturalist. This dive educates the diver on New Zealand marine life while refining buoyancy and breathing techniques. We also approach the naturalist dive as a multi-level dive.

The last dive involves teamwork, thorough planning and a whole lotta fun. Your Instructor first hides a heavy object on the bottom. It's then up to the group to Search and Recover it. You will learn skills such as knot tying, underwater search patterns and use special recovery equipment such as lifting devices.

The Advanced course will qualify you to reach deeper and more interesting sites with the skills necessary to be confident.

Student Prerequisites

- Your PADI Open Water Certification or equivalent
- Minimum age of 15 years
- All students must sit a basic dive medical within the last 12 months. Print medical form from our website and see your local physician. Ask our staff for local physicians if you are from out of town
- Willing to set time aside for Self-study preparation

Included in the course

PADI Advanced on-line E-Learning program with certification card. Quality instruction, all boat charter costs and cylinder fills.

Course Investment

NZ\$500

*Equipment can be hired at a 50% discount for the duration of the course

So what's the Advanced Course really like? Ask our customers

"The Goat Island Dive team make improving your diving fun! Handy to Auckland, the Advanced course was the ultimate weekend getaway. Cheers guys" Natasha Keown, 12 dives, Auckland

"I had great fun, learnt some new skills and cleaned up bad habits. Awesome dive spots!" Jamie Thomas, 100+ dives, Auckland

"Goat Island Dive will continue being my favourite team. Gaining my Open Water and completing my Advanced, I'm now heading for EFR, Rescue and DM internship." India Evans, 45 dives, Warkworth

Rescue Diver

3 Day Course – STEP UP to the most challenging Non-Professional dive course

Continue your diving education beyond Advanced Open Water to the next level of diver awareness. The Rescue Diver course is widely considered the most challenging of the PADI dive qualifications. Learn dive related in-water first aid techniques along with self and buddy rescue. Expand on your dive skills & education and bring your confidence to new levels.

Benefits of Learning to Dive with Goat Island Dive

- You learn to dive in a world first Marine Reserve, up close and personal with New Zealand's friendliest fish
- Your boat diving on day 3 is at one of the Outer Gulf Islands on our stable 13m dive boat, Apollo with easy entry and exit points, hot water shower, coffee and tea and toilet
- Our instructor to student ratios maximum of 1:6 ensure you are taught to dive properly and safely
- Choose from our convenient weekend course schedule
- You can do your study online with PADI's E-Learning programs

Course schedule

The Rescue Diver course is run over a 3 day weekend. Diving the Goat Island Marine Reserve and Outer Gulf Islands.

The knowledge of how to rescue both yourself and another diver is imperative for your confidence as a diver.

In your PADI E-Learning pre course studies you will cover: Self Rescue, Stress management, First Aid Equipment & procedures, Managing an Emergency, Equipment problems, Recognizing rescue situations, Swimming & non swimming assists, Panicked diver response, Rescuing an unconscious diver, In-water respiration, First aid procedures for pressure related injuries, Exits/egresses, Equipment removal and Dive accident scenarios.

We move to confined water where you are trained with the basics of in-water self and buddy rescue techniques.

Day 2 consists of refining the techniques you have learned from day 1, then practicing them with different rescue scenarios, this includes how to plan a search for a missing diver, how to surface an unresponsive diver, how to strip a diver of his equipment while providing him with rescue breaths and how to exit the water with an unconscious diver.

On Day 3 we venture out to the Outer Gulf Islands onboard Apollo. As a team you will refine the techniques learnt from day 1 and day2 and complete challenging rescue scenarios, critiqued by your Instructor.

Included in the course

All PADI Rescue Crew Pack materials with your certification card and wall certificate, quality instruction, all boat charter costs and cylinder fills.

Course Investment

NZ\$500

*Equipment can be hired at a 50% discount for the duration of the course

Student Prerequisites

- Minimum age of 15 years
- Your PADI Advanced Open Water Certification or equivalent
- The student diver must have successfully completed a sanctioned course in Cardiopulmonary Resuscitation (CPR-Primary Care) and basic first aid (Secondary Care) within the past 24 months
- All students must sit a basic dive medical within the last 12 months. Print medical form from our website and see your local physician. Ask our staff for local physicians if you are from out of town
- Willing to set time aside for Self-study preparation
- Your personal fitness is key for this course. The fitter you are, the more you will get out of it

So what's the Rescue Course really like? Ask our customers

"The Rescue Diver course was definetly the most challenging, but also the most enjoyable and rewarding dive course I have done. Chris and the TEAM at Goat Island Dive made it thorough and quite tough but also highly enjoyable!" David Pearce, Auckland

"The Instructor is very capable and professional. The dive site is also very nice and conveniently located." Shahrman Ghazali, Leigh

"I found GID to be thorough with the training and very professional in their approach to diver safety, and I had a great time!" Kevin Lyall, Auckland

Specialty Courses

Expand your Scuba Education to New Limits

Benefits of doing your Specialty Courses with Goat Island Dive

- Each Specialty course will be taught by a PADI Course Director. A Course Director teaches Instructors to be Instructors and is the highest Instruction qualification available through PADI. Quality instruction is guaranteed
- All diving is done in comfort at the Outer Gulf Islands from Apollo, our stable 13m dive boat, featuring easy entry and exit points, a diver lift, hot water shower, coffee and tea and toilet
- Our instructor to student ratios maximum of 1:6 ensure you are taught properly and safely
- We review and refine your dive skills in our pool session at the beginning of every course at no extra charge
- Choose from our convenient weekend course schedule
- If you wish to pursue your diver education and training past the Open Water level you can continue with Instructors you know and trust with our PADI Continue Education courses

Our Guarantee

We will give you all the information and training you need to complete your course to a safe and very high standard.

We will only use fully qualified Instructors chosen for their professionalism and ability to teach scuba. If weather hampers completion of your course we can re-book you, available space permitting according to our course and trip schedules.
